FOURTH EDITION

international event
realized by **Koreoproject**
in collaboration with
Folkwang Universität der Künste,
City of Lecce
and **Teatro Pubblico Pugliese**

Unique event in Italy, Uni-tanz provides direct collaboration between Folkwang Universität der Künste, european institution among the most prestigious in the world of dance, Koreoproject, which operates in Italy for High Education in dance, and City of Lecce.

Uni-tanz is an event of high artistic and cultural interest, and is placed in a very beautiful area, Lecce and Salento, with its rare historical and magical landscapes.

The Institute of Contemporary Dance (IZT) started its work at Folkwang in 2011.

As contemporary dance and dance theatre training, "Folkwang Dance" has been a particularly formative component of the range of courses at Folkwang since the university was founded in 1927.

"Folkwang Dance" represents a brand name, pointing the way for the understanding of Modern Dance. The goal of dance education at the Folkwang University of the Arts is not to train dancers but human beings who dance, grasp the principles of movement and develop them in their own individual way. Laban, Jooss, Leeder, Züllig, Cébron and Bausch have laid the foundation for a dance education, which even today unfolds ground-breaking impulses into the national and international dance scene.
